

# Export Agreement

I do not design, manufacture or produce products for military end-use or end-users, unless involvement in those activities is permitted in accordance with the applicable export control regulations, including those of the United States and European Union.

I do not participate in any foreign boycott activities that are not supported by the US government. This includes, but is not limited to the following:

- Agreements to refuse or actual refusals to do business with boycotted countries (e.g. Israel) or blacklisted companies
- Agreements to discriminate or actual discrimination against other persons based on race, religion, sex, national origin or nationality
- Furnishing information about the race, religion, sex, or national origin of any person
- Paying, or otherwise implementing letters of credit that include requirements to take boycott related actions prohibited by the U.S. Anti-boycott Regulations.

I do not design, manufacture or produce products that serve nuclear related industries or activities including but not limited to the following, unless involvement in those activities is permitted in accordance with the applicable export control regulations, including those of the United States and European Union:

- nuclear explosive devices
- nuclear reactors
- nuclear fuel cycle activities

I am not involved in any activities that directly or indirectly assist in the design, fabrication, operation or maintenance of missiles, rocket systems or unmanned air vehicle systems, unless involvement in those activities is permitted in accordance with the applicable export control regulations, including those of the United States and European Union.

I am not directly or indirectly involved in the development, production, stockpiling or use of chemical and/or biological weapons.
